How about Leasing your
System Installation?

Why Lease

Leasing is a critical tool for success in today's competitive market. Why? Because leasing...

- Provides flexible payment options
- Offers 100% financing and low monthly payments
- Has tax and accounting advantages
- Extends credit lines for future purchases
- Allows for easy upgrades or add-ons
- Lets you get the equipment you need without a substantial cash outlay

Why Lease? Why Not?

CSS Intelligence Inc.

To meet our clients' diverse needs, CSS Intelligence Inc has developed expertise in many areas including, asset recovery, business advisory services, consulting, corporate bankruptcy, forensic investigation, mergers & acquisitions, and corporate and real estate due diligence.

Large enough to offer a full range of services, but small enough to provide ongoing personal attention to our clients We are the advisors whose close assistance and genuine involvement are instrumental in the success of our clients and, in turn, our own firm.

BURGLAR AND FIRE ALARMS

This has been the backbone of our business for over twenty five years, Custom Installations of all shapes and sizes.

For your home:

We install all types of **Burglar Alarm Systems**, from basic installations to complete perimeter systems that protect every entry point.

For your business:

Do you need a UL certified system to satisfy your insurance company? Again, from basic to complete protection, we can install it for you.

Fire Protection is a smart way to safeguard

your family, home or business. We recommend fire and smoke protection. Smoke Detectors in your home are a must.

Has the Fire Department paid you a visit? Are they requiring an upgrade to your existing system or even a new installation. There are numerous new codes that apply today.

FOR ALL OF YOUR BURGLAR AND FIRE ALARM NEEDS

TV CAMERAS

We install **TV Camera Systems** in all sizes imaginable, whether you want to watch your home, your kids, or employees, anything is possible.

Do you want to view the cameras remotely from another location over the internet? How about the babysitter or nanny at home with the kids or baby?

- Cameras are so versatile today that they can be used in any application imaginable.
- Record images digitally so you can send your video via email, print pictures on site, store it to CD and your hard drive, or connect to your LAN Residential or Commercial Systems, concealed or exposed, whichever you need we can install for you.

DATA / AUDIO / VIDEO SYSTEMS

- Satellite / Cable TV Wiring and Distribution
- Structured Wiring, Integrated Systems
- Dolby Digital Home Theater Surround Sound
- Stereo Sound Distribution
- Cat 5e, 6 Telephone / Data Wiring
- Commercial Data Networking
- Residential Networking

DATA NETWORKING

Do you have a high speed internet connection?

Do you have multiple computers in your home or business? If you connect your computers to each other through a data network you can share your high speed connection to the internet, exchange files over the network, or view TV cameras.

If you are thinking about any of these services please call us at [Circle Security Solutions](http://CircleSecuritySolutions.com)
